

## Clinic Organizing Tips

Up to **Ten** riding sessions are offered per day. Additional sessions may be added if demand is there and terms are agreed upon.

### Session Organization:

1. 1-4 participants are preferable, 6 if demand is greater than time allowed.
2. Group similar learning outcomes. For example, if participants want to hone workout skills, leg aides, ringmanship, driving, long lining, etc.
3. Adults and children generally prefer to participate in age appropriate groups.
4. Children must be at least six years of age.
5. All participants must have signed the Success In Saddles Hold Harmless prior to participation in the clinic.
6. Auditors are welcome.
7. Please present your horse the first day in the tack and equipment used in a regular work session. On following clinic days tack and equipment may be altered to achieve desired results.
